

The *Magical Envelope* PUZZLE

Cut out and assemble the 3 pieces of this picture (place piece **A** in the bottom left corner).
 Count the envelopes in the picture (there are 14). Reverse the position of piece **A** and piece **B**.
 Count the envelopes again (there are now 13). One envelope has disappeared!
 Where did it go?

Instructions

1. Cut out the 3 pieces of the picture.

2. Assemble the 3 pieces.

3. Count the envelopes (there are 14).

4. Reverse the position of piece **A** and piece **B**.

5. Count the envelopes again. One has disappeared!

6. Where did it go?
